**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am both a consumer and a small business owner. I strongly support the Bridge 2 Broadband.

I have been a customer of two of the main providers in my area in the past (Comcast and AT&T for several decades) With both I had experienced unexplained rate increases, deceptive fees, spotty service, and overall poor customer service.

As of two years ago my family and I switched to a local provider (Sonic) and now are happy to report we are on a fiber connection with landline phone service and experience excellent service as well as exceptional customer support - not to mention for far less money! (About 1/3 less than what Comcast/ATT charge.)

Please listen to the voices of everyday consumers and small business owners - (the backbone of this country) and keep the American spirit of fair-market competition alive and well!

Thank you!
